Cayenne

Cayenne Pulse

Issue #1 · Nov 3, 2026

Our pepper's on hacker patrol, so you can stay chill.

🌶️ **Should you worry?** 1 Good to know · 2 Keep an eye on it · 3 Check your settings · 4 Act this week · 5 Act today

Scammers are faking voices, chats and job offers this week, and the best fix is still a 30-second call-back. We keep watch so you can run your business.

— Shaya Katz, Cayenne Corp

NOV 3

AI deepfake fraud is hitting businesses of every size

🌶️🌶️🌶️🌶️🤍 **ACT THIS WEEK**

KeyBank warns that criminals are using cloned voices and fake video to get payments approved. **Takeaway:** Confirm every payment or bank-detail change by calling a number you already know. **Rochester Business Journal →**

OCT 27

One Microsoft Teams setting could expose your company

🌶️🌶️🌶️🤍🤍 **CHECK YOUR SETTINGS**

Depending on your settings, outsiders may be able to message your staff directly in Teams. **Takeaway:** Ask us to limit external Teams chat to trusted companies only. **Inc. →**

🎣 **SCAM OF THE WEEK**

Fake recruiters got a Binance employee to run malicious "interview" tools. **Never install a recruiter's software on a work computer.** **BleepingComputer →**

⚡ **QUICK WIN**

Stolen logins have run up AI bills of up to $1M. **Turn on MFA and spending alerts for every cloud and AI account.** **BleepingComputer →**
